ATTORNEYS AT LAW

We represent a broad cross-section of individual, small business, corporate and institutional clients, including: ski and summer resorts, Indian tribes, banks, insurance companies, manufacturers, and retailers.

BUSINESS LAW

Diversity, innovation, and responsiveness are the operative words when it comes to Business Law. It is our business to provide you with the legal support you need—when you need it.

ESTATE PLANNING & PROBATE

Effective Estate Planning is more than just drawing up a will. This complex area of the law demands expert legal knowledge, confidentiality, and the ability to anticipate the future needs of our clients. We provide guidance in a number of areas including the preparation of wills and living trusts, estate tax planning, the gifting of assets, and planning for an unexpected disability.

LITIGATION

When legal disputes arise, we make every effort to resolve the dispute. However, when litigation is necessary, our trial attorneys are experienced, assertive, and thorough in their preparation of our clients' cases. We have extensive experience in all aspects of civil litigation, including commercial litigation, insurance, banking, land use, employment relations, and contract disputes.

INDIAN LAW

Born from our long-standing association with the Confederated Tribes of the Warm Springs Reservation of Oregon, the firm enjoys a national reputation in Indian law.

A TRADITION OF QUALITY

We are proud to be in the forefront of one of today's most challenging legal specialties and we consistently apply our experience and expertise for the benefit of all of our clients.
